

LOUISIANA BOARD OF REGENTS

2003-2004 INSTITUTIONAL REPORT FOR THE PREPARATION OF TEACHERS

SOUTHERN UNIVERSITY AND A&M COLLEGE

Message from the Commissioner:

The following institutional report represents a critical component of the education community's effort to improve our state's teacher education programs at both public and private universities. This annual report is intended to keep Louisiana's citizens informed about the quality of our teacher preparation. In 2002, the first factor used in our accountability program was released – student passage rates on the teacher certification examination (PRAXIS). Last year, the formula was expanded to make the scores an even more meaningful catalyst for continued reform. As was the case last year, the scores have been calculated using a weighted formula that takes into account each institution's regular and alternate certification completer rate (with extra points for completers who meet definitions for identified shortage areas), the PRAXIS examination passage rate, and the score on a survey measuring completer satisfaction. Teacher preparation accountability is just one of the many benefits Louisiana is reaping from partnerships that have been created between universities and school districts to recruit, prepare, and retain teachers. Our goal is to provide every child in Louisiana caring and qualified teachers in every class every year – to ensure that truly no child is left behind.

E. Joseph Savoie
Commissioner of Higher Education

The majority of the students were from Louisiana with a total of 7,212 in-state students, 1,193 out-of-state students, and 167 foreign students. Among students enrolled in the undergraduate program, 7,169 were black, 84 were white, and 98 were other races. Among students enrolled in the graduate program, 1,027 were black, 105 were white, and 89 were other races.

Accreditation and Approval of Teacher Preparation Program

The university is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS). In addition, the university is accredited with probation by the National Council for the Accreditation of Teacher Education (NCATE). All of the university's teacher preparation programs are approved by the Board of Regents and Board of Elementary and Secondary Education.

Notable Features and Accomplishments of Teacher Preparation Program

- Praxis preparation initiatives in the form of workshops, peer mentors, use of content teachers, Web based and on-line preparation access, course-specific faculty portfolios, and other creative and innovative approaches are yielding significant gains, which resulted in an invitation to present the success of the program at the 14th Annual Conference of the Education Trust.
- The teacher preparation program continues to provide 10 full scholarships each year to academically talented students.
- Through a grant from the Bill and Melinda Gates Foundation with the Thurgood Marshall Scholarship Fund as intermediary, Capitol High School, one of the Unit's PDS sites, is being converted into two small college preparatory schools in which preservice and inservice teacher will participate.
- All PDS sites are included as target schools in a grant from the National Science Foundation, in collaboration with the California Institute of Technology, the Louisiana Board of Regents' LA GEAR UP, and the San Francisco Exploratorium to engage preservice and inservice teachers in exhibit-based teaching and learning at the Laser Interferometer Gravitational Wave Observatory (LIGO) in Livingston, LA.
- The Unit has **partnered with** The Links, Inc, and (LA Capital Chapter) to build and establish a Virtual Professional Development School in South Africa to increase the globalization dimension of the teacher preparation program.
- The Unit has created three-member advisement teams that include one member from the College of Education, one from the appropriate content college, and one from a PDS/partner site to collaboratively guide candidate matriculation.
- Through a grant from the U.S. Department of Education, the Unit has established the Center for Excellence in Mathematics and Science Teacher Preparation to primarily address teacher shortages in these areas.
- The Unit is poised to launch a New Teacher Support Web Site to provide recent graduates with resources concerning best practices and opportunities for professional development (<http://www.newteachersupport.subr.edu>).

LOUISIANA BOARD OF REGENTS TEACHER PREPARATION ACCOUNTABILITY SYSTEM

SOUTHERN UNIVERSITY AND A&M COLLEGE

In compliance with the Higher Education Act of 1998, Louisiana created a Teacher Preparation Accountability System to assess the performance of teacher preparation programs within the State. During the first phase (2001-2002) of the accountability system, the performance of the regular and alternate certification students on the state teachers' examination (PRAXIS) was assessed. During the second phase (which began in 2002), the quantity of program completers at each institution and the performance of each institution (e.g., performance of regular and alternate certification students on the state teachers' examination (PRAXIS) and ratings by teachers of their satisfaction with their teacher preparation programs) are being assessed. In the future, additional factors will be assessed to examine such areas as: ratings of programs by first year teachers' mentors; retention of teachers after three years of teaching; and university-district partnerships. The purpose of this accountability system is to clearly demonstrate to the public that all universities and colleges in the State are working diligently to produce quality teachers who work effectively with PK-12 students.

I. INSTITUTIONAL PERFORMANCE INDEX

A. Grade Performance of 2002-2003 Regular and Alternate Certification Program Completers on Certification Index (Percentage of students who passed the PRAXIS examination)

Grade: A+

PRAXIS Passage Rate: 98.8%

Scaled Score: 132

This is a difference of 5% when compared to the 93.8% passage rate of 2001-2002 regular and alternate certification program completers on the PRAXIS examinations.

The following scale was used to determine passage rate grades:

A+ = 98%-100% Passage Rate

A = 92%-97% Passage Rate

B = 86%-91% Passage Rate

C = 80%-85% Passage Rate

below C = below 80% Passage Rate

See Appendix A for a breakdown of scores.

III. TEACHER PREPARATION PERFORMANCE SCORE AND LABEL

A. Teacher Preparation Performance Score	=	$(\text{Institutional Performance Index} + \text{Quantity Index}) \div 2$
	=	$\{([\text{Certification Scaled Score} \times .875] + [\text{Graduate Satisfaction Scaled Score} \times .125]) + \text{Quantity Scaled Score}\} \div 2$
	=	$\{([132 \times .875] + [97 \times .125]) + 140\} \div 2$
	=	$(127.6 + 140) \div 2$
	=	$267.6 \div 2$
	=	133.8

Note: The Graduate Satisfaction Survey has been given a weight of .125 instead of .25 due to the fact that only the regular program completers' data were used. Future accountability cycles will use surveys administered to both regular and alternate program completers.

Note: The Institutional Performance Index is computed using only PRAXIS passage rate data for institutions with fewer than 10 survey respondents over 2 years.

BASELINE SCORE

A Baseline Score has been established for each individual teacher preparation program in Louisiana. The Baseline Score is the total number of regular and alternate program completers that completed teacher preparation programs between the dates of July 1, 2000 – June 30, 2001.

QUANTITY SCORE

A. 2002-2003 PROGRAM COMPLETERS

One-point is assigned to every regular and alternate program completer that completed teacher preparation programs between the dates of July 1, 2002 – June 30, 2003.

B. BONUS POINTS

In addition, one-half a point is assigned to every 2002-2003 regular and alternate program completer that met the criteria for each of the following teacher shortage areas.
