

LOUISIANA BOARD OF REGENTS 2002-2003 INSTITUTIONAL REPORT FOR THE PREPARATION OF TEACHERS

UNIVERSITY OF LOUISIANA AT LAFAYETTE

Message from the Commissioner:

We in the Louisiana education community are pleased to offer the following reports on Louisiana's public and private university teacher education programs. These reports are an integral component of our continuing efforts to inform Louisiana's citizens about the quality of our teacher preparation programs. Last year, the first factor used in our accountability program was released – student passage rates on the teacher certification examination (PRAXIS). This year, as promised, the formula has been expanded to make the scores an even more meaningful catalyst for continued reform. For 2002-2003, the scores have been calculated using a weighted formula that takes into account each institution's regular and alternate certification completer rate (with extra points for completers who meet definitions for identified shortage areas), the PRAXIS examination passage rate, and the score on a survey measuring completer satisfaction. Teacher preparation accountability is just one of the many benefits Louisiana is reaping from partnerships that have been created between universities and school districts to recruit, prepare, and retain teachers. Our goal is to provide every child in Louisiana caring and qualified teachers in every class every year – to ensure that truly no child is left behind.

E. Joseph Savoie
Commissioner of Higher Education

Mission of University

The University of Louisiana at Lafayette, a member of the University of Louisiana System, is a public, Doctoral/Research-Intensive institution of higher education offering associate, bachelor's, master's, and doctoral degrees. Its academic programs are administered by the Colleges of Applied Life Sciences, the Arts, Business Administration, Education, Engineering, General Studies, Liberal Arts, Nursing and Allied Health Professions, Sciences, and the Graduate School. The University is dedicated to achieving excellence in undergraduate and graduate education, in research, and in public service. For undergraduate education, this commitment implies a fundamental subscription to general education, rooted in the primacy of the traditional liberal arts and sciences as the core around which all curricula are developed. The graduate programs seek to develop scholars who will variously advance knowledge, cultivate aesthetic sensibility, and improve the material

conditions of humankind. The University reaffirms its historic commitment to diversity and integration. Thus, through instruction, research, and service, the University promotes regional economic and cultural development, explores solutions to national and world issues, and advances its reputation among its peers.

Student Characteristics of University

During Fall 2001, University of Louisiana at Lafayette had a total enrollment of 13,913 undergraduate and 1,576 graduate students. A total of 6,626 students were males and 8,863 were females. The majority of the students were from Louisiana with a total of 14,168 in-state students, 513 out-of-state students, and 808 foreign students. Among students enrolled in the undergraduate program, 2,399 were black, 10,429 were white, and 1,085 were other races. Among students enrolled in the graduate program, 104 were black, 1,003 were white, and 469 were other races.

Accreditation and Approval of Teacher Preparation Program

The University of Louisiana at Lafayette is accredited by the Southern Association of Colleges and Schools (SACS) and by the National Council for the Accreditation of Teacher Education (NCATE). All of the university's teacher preparation programs are approved by the Board of Regents and the Louisiana Department of Education.

Notable Features and Accomplishments of Teacher Preparation Program

- The College of Education's Recruitment and Retention Committee has implemented several strategies for attracting and retaining able teacher candidates. These have included a peer-tutoring program in mathematics for elementary education majors, several teaching academies (seminars) each year on topics of interest to pre-service teachers, and surveys designed to determine and improve candidate satisfaction with the programs and services of the College. A project is currently underway to produce compact discs and brochures for dissemination to prospective candidates in the secondary schools of our service area.
- A new orientation course, piloted in Fall 2002, is now required for all new candidates in the College of Education. This two-hour course provides instruction in the use of PASS-PORT, the electronic portfolio system that is being implemented as a tool for assessing both candidates and programs.

Notable Features and Accomplishments of Teacher Preparation Program (Cont'd)

- In fall 2002, the University implemented its new Teacher Warranty. Under this agreement, UL Lafayette graduates who have difficulty with the Louisiana Teacher Assistance and Assessment Program will be provided special assistance to these teachers (including additional course work where needed) at no cost.
- The University has received a \$310,000 CITAL grant to provide PASS-PORT Training.
- Redesigned and/or new undergraduate programs have been approved by the Board of Regents in the areas of Early Childhood (PK-3), Elementary (1-6), Middle School (4-8), and 14 areas of Secondary (7-12) Education.
- A redesigned program in Counselor Education has been developed in collaboration with the Department of Psychology (College of Liberal Arts), and the M.Ed. program in Administration and Supervision is being redesigned to offer an M.Ed. in School Leadership.
- UL Lafayette is one of eleven universities selected by SREB for the University Leadership Development Network to redesign how university leadership preparation programs prepare school leaders.
- Certification for post-baccalaureate candidates is now offered through a Practitioner Teacher Program in mathematics, science, or special education, as well as a Non-Master's Certification-Only program in each area in which an undergraduate program is offered.
- Our goals for 2003-2004 include redesign of the M.Ed. programs in Curriculum and Instruction and in Education of the Gifted; K-12 programs in Art Education, Music Education, and Kinesiology; and 1-12 programs in Early Intervention and Mild/Moderate Special Education.

**LOUISIANA BOARD OF REGENTS
2002-2003 TEACHER PREPARATION ACCOUNTABILITY SYSTEM**

UNIVERSITY OF LOUISIANA AT LAFAYETTE

In compliance with the Higher Education Act of 1998, Louisiana created a Teacher Preparation Accountability System to assess the performance of teacher preparation programs within the state. During the first phase (2001-2002) of the accountability system, the performance of regular and alternate certification students on the state teachers' examination (PRAXIS) was assessed. During the second phase (2002-2003), the quantity of program completers at each institution and the performance of each institution (e.g., performance of regular and alternate certification students on the state teachers' examination (PRAXIS) and ratings by teachers of their satisfaction of their teacher preparation programs) are being assessed. In the future, additional factors will be assessed to examine such areas as: ratings of programs by first year teachers' mentors; retention of teachers after three years of teaching; and university-district partnerships. The purpose of this accountability system is to clearly demonstrate to the public that all universities and colleges in the state are working diligently to produce quality teachers who work effectively with PK-12 students.

The following scale was used to determine grades for mean responses on surveys: A+ = Mean 128 & above; A = Mean 117.0 – 127.9; B = 107.0 – 116.9; C = Mean 93.0 – 106.9; Below C = Mean Below 93.0. See Appendix B for a breakdown of scores. Scaled scores are not assigned for institutions with fewer than 10 survey respondents.

See Appendix C for a breakdown of scores.

III. TEACHER PREPARATION PERFORMANCE SCORE AND LABEL

A. **Teacher Preparation Performance Score** = Institutional Performance Index + Quantity Index / 2

$$(116.63 + 120) / 2$$
$$236.63/2$$

118.31

Note: The Graduate Satisfaction Survey has been given a weight of .125 instead of .25 due to the fact that only the regular program completers were surveyed. During the 2003-2004 accountability cycle, it will have a weight of .25 once it is administered to both regular and alternate program completers.

Note: The Institutional Performance Index is computed using only PRAXIS passage rate data for institutions with fewer than 10 survey respondents.

Note: Formula A was used to calculate the Teacher Preparation Performance Score.

ENTRY REQUIREMENTS FOR TEACHER PREPARATION PROGRAMS

All regular and alternate certification students must pass the following PRAXIS subtests to be formally admitted to a teacher preparation program at a college or university in Louisiana. Regular students are those who are completing a program of study to graduate with a baccalaureate degree in education. Alternate certification students are those who already possess a baccalaureate degree outside of education and are completing an alternate certification program to become certified to teach.

Type of Assessment: **Basic Skills**

(1) Communications Skills and General Knowledge **OR**
(2) Reading, Writing, and Mathematics

State law requires all students to take all required PRAXIS subtests prior to graduation, but it does not require students to pass the subtests. Individual institutions have developed their own policies that require students to pass the PRAXIS subtests to graduate.

TEACHER CERTIFICATION REQUIREMENTS IN LOUISIANA

To be certified to teach in Louisiana, individuals must complete an approved teacher preparation program, possess a 2.5 grade point average, pass the Basic Skills subtests, and pass PRAXIS subtests in the following areas:

Type of Assessment: **Professional Knowledge**

(1) Professional Knowledge **OR**
(2) Principles of Learning & Teaching K-6 **OR**
(3) Principles of Learning & Teaching 7-12

AND

Type of Assessment: **Academic Content Areas** The subtests vary according to the areas of certification.

REQUIREMENTS OF THE HIGHER EDUCATION ACT OF 1998

The Higher Education Act of 1998 requires all institutions in the United States with teacher preparation programs to issue institutional reports on a yearly basis which contain information specified by the U.S. Department of Education. In addition, the Act requires institutions to provide the public with specific information pertaining to the passage rates of regular program completers on individual subtests. The following pages contain a report developed by the Educational Testing Service to provide a breakdown of program completer performance on individual subtests. A similar report is currently being developed by the Educational Testing Service regarding the performance of 2001-2002 alternate certification program completers on individual subtests. Once the report is received, it will be placed on the Board of Regents web site (<http://www.regents.state.la.us>).

GRADUATE SATISFACTION SURVEY

UNIVERSITY OF LOUISIANA AT LAFAYETTE

INTRODUCTION

To assist the State in collecting data from first year teachers about their preparation for teaching, the Louisiana Department of Education sent surveys to the 807 regular program completers of the 2001-2002 academic year who began teaching during fall 2002. One thousand seven hundred and seventy-six individuals completed regular teacher preparation programs in public and private universities in Louisiana between July 1, 2001 and June 30, 2002. Of those 1,776 individuals, it was determined that 592 were not teaching in public schools in Louisiana, 377 began teaching in Louisiana's public schools during spring 2002 or spring 2003, and 807 began teaching in Louisiana's public schools during fall 2002. The survey instrument was sent to all of these 807 teachers. Ninety-two percent ($n = 741$) of the 807 teachers responded to the survey. Additional follow-up is currently in progress to obtain responses from the remaining 8% ($n = 66$).

The survey was developed by a committee composed of university, district, Louisiana Department of Education, and Board of Regents personnel. It was the committee's decision to align all survey questions with state standards for teachers (e.g., Louisiana's Components of Effective Teaching). Teachers were required to respond to 35 statements using a 4-point scale (i.e., Strongly Disagree = 1, Disagree = 2, Agree = 3, and Strongly Agree = 4). Each item is scored on this 1 to 4 scale, and the scores for the 35 items are added together for a total survey score. If a respondent answers each question, the minimum possible score is 35, and the maximum possible score is 140. A deadline for responding was provided to teachers. A second survey was sent to teachers who did not respond by the deadline.

The Board of Regents approved a policy during March 2003 to use survey scores during a given year as part of the Teacher Preparation Accountability System only if 10 or more individuals from a university or college responded to the survey. For institutions with fewer than 10 survey responses, data from consecutive years will be combined until a total of 10 or more surveys are available.

GRADUATE SATISFACTION GRADES

Grades were assigned to institutions for the Teacher Preparation Accountability System based upon overall mean scores. The following scale was used to assign grades:

A+	128 and above
A	117.0-127.9
B	107.0- 116.9
C	93.0 – 106.9
Below C	Below 93.0

2002-2003 CALCULATION OF QUANTITY INDEX

UNIVERSITY OF LOUISIANA AT LAFAYETTE

BASELINE SCORE

A Baseline Score has been established for each individual teacher preparation program in Louisiana. The Baseline Score is the total number of regular and alternate program completers that completed teacher preparation programs between the dates of July 1, 2000 – June 30, 2001. The Baseline Score for this university is: **240**.

QUANTITY SCORE

A. 2001-2002 PROGRAM COMPLETERS

One-point is assigned to every regular and alternate program completer that completed teacher preparation programs between the dates of July 1, 2001 – June 30, 2002. The total number of regular and alternate program completers for this university is: **244**.

B. BONUS POINTS

In addition, one-half a point is assigned to every 2001-2002 regular and alternate program completer that met the criteria for each of the following teacher shortage areas. The bonus points for this institution are: **26.5**.
