REPORTS AND RECOMMENDATIONS OF THE COMMISSIONER

Commissioner E. Joseph Savoie commented on the following:

- The passing of Tifni Brown, Wayne and Bonnie Brown’s daughter.
- Bobby Jindal leaving for Washington, D.C. as Bush’s Assistant Secretary of Planning and Evaluation in the Department of Health and Human Services.
- The Higher Education Leadership Summit March 25-26
- Regular Legislative Session beginning March 26

The Commissioner then commended the Board for its courage and fortitude in approving the Master Plan. He stated that the needs of our state are many and varied. Louisiana has

- Highest poverty rate for our children in the nation
- Highest dropout rate of students in the nation
- Highest incarceration rate in the nation
- Lowest test scores in the nation
- One of the highest illiteracy rates in the nation

He emphasized that those are Louisiana’s realities that have to be part of our consideration. He continued by stating that we are not Connecticut. We have a different history and we have different circumstances. We may not be as wealthy in a financial sense, but we have always had great wealth in our natural resources and one of those are our human resources. All of our citizens have value. All of our communities have value.
A primary purpose of public postsecondary education is to provide educational services to improve quality of life for all our citizens. Our responsibility is empowerment not fostering elitism. We need to believe that all of our people are capable of making a contribution. We need to expect more, and we need to provide the services and the proper environments for people to meet those expectations.

Our approach is bold—for the first time in our state’s history we have established statewide expectations. These expectations are real, yet tempered with reality. We must continue to have the courage and the fortitude to stay focused on the needs of the entire state and not be detoured by parochial interests.

ADJOURNMENT

There being no further business to come before the Board, Chair D’Aquín declared the meeting adjourned at 9:54 a.m.
