MINUTES APPROVED

APPROVAL OF THE MINUTES OF APRIL 26, 2007

On motion of Regent Brame, seconded by Regent Toups, the Board voted unanimously to approve the minutes of April 26, 2007.

PRESENTATION ON THE CONTINUUM FOR ALL LOUISIANA LEARNERS (CALL)

Dr. Larry Tremblay, Acting Deputy Commissioner for Academic and Student Affairs, gave a power point presentation on the Continuum for all Louisiana Learners (CALL) program. Dr. Tremblay noted that CALL is a joint initiative to assist Louisiana adults without a college degree to enroll at a Louisiana public college or university and earn a degree or other college credential. Dr. Tremblay introduced Dr. Tom Carleton, Chancellor of Bossier Parish Community College; Dr. Randy Webb, President of Northwestern State University; Ms. Darlene Williams of Northwestern State University; Mr. Luke Dowden of Bossier Parish Community College; and Mr. Bruce Chaloux of the Southern Regional Education Board.

Dr. Tremblay stated that CALL is an innovative partnership between Bossier Parish Community College and Northwestern State University with the Consortium for Education, Research, and Technology of North Louisiana (CERT) as its coordinating partner. The CALL program is designed to establish a pathway for Louisiana’s postsecondary institutions to develop new market opportunities among potential adult students.

He noted that the Board of Regents had commissioned the Aslanian Group to conduct a study of adult postsecondary educational demand in the 22 northern parishes of Louisiana. Dr. Tremblay stated that the after the studies by the Aslanian Group, CALL would target (1) high school graduates with no previous college experiences, and (2) those who attended a college or
university, but stopped short of earning a degree, and (3) those who have a college degree and want additional credentials for career advancement.

Chancellor Tom Carleton said he was excited about the CALL program and knew this program will increase the numbers of college graduates. Dr. Randy Webb said he was honored to be involved in this project and gave his thanks to the Board of Regents establishing a special role for Northwestern State University distance learning. Ms. Darlene Williams discussed the importance of changing the campus culture to serve adult learners. Mr. Luke Dowden reviewed recasting of academic programs and services to serve adult learners such as “fast-track” accelerated degree programs; assessment for credit of adults college-level prior learning experiences, and specialized services for adults. Mr. Bruce Chaloux continued by discussing the marketing and promotional efforts in support of CALL. He said the CALL website (www.yourcallLA.org), push cards/mailings, billboards, television and radio, newspaper, and presentations were being used to market the CALL program. He noted that Louisiana is taking the lead, and this program is capturing much attention. He stated that the CALL program is part of the Board of Regents’ “Education...Go for more!” campaign. A full discussion ensued.

PRESENTATION ON THE LSU HONORS COLLEGE

Chairman Strong introduced Dr. Nancy Clark, Dean of the LSU Honors College. Dr. Clark began her power point presentation by informing the Board that the Honors College began in 1960 with 50 students and currently has approximately 1,300 students enrolled. She said the entering freshmen at the Honors College rank higher than the top 10 public universities’ freshmen class. She stated that the college has been located in the French House since 1999.
Dr. Clark said a student has to earn 30 on the ACT test and have a 3.5 grade point average to be accepted into the Honors College.

Dr. Dean introduced two students who recently graduated from the College, Ms. C.C. DuBois and Ms. Jackie Zimmerman. Ms. DuBois said she has a political science and agriculture business major from LSU. She established the “We Got Your Back” program after Hurricane Katrina. She explained it began as a local relief drive to give backpacks full of school supplies to displaced students who poured into her hometown of Ponchatoula. She continued by saying that the local drive ballooned into a national effort, with backpacks being sent to 400 schools along the Gulf Coast. Ms. Zimmerman received her degree in biological sciences with a concentration in secondary education. She has been student teaching at Broadmoor High School, but plans to return to her home state of Alabama to pursue a masters/Ph.D. degree. Regent Labat noted that after hearing the presentation she had a renewed respect for LSU and what LSU, as the flagship university, should represent.

PRESENTATION TO OUTGOING STUDENT BOARD MEMBER, MR. TERRY LANDRY, JR.

Regent Strong presented a plaque to outgoing student member, Terry Landry, Jr. Regent Landry thanked the entire Board for making him feel welcome, not just as a student member, but as a Board member. Mr. Landry introduced the recently elected student member for the Board of Regents, Mrs. James Klock, from Louisiana State University at Alexandria who will be sworn in at the next Board meeting.

OTHER BUSINESS

RESOLUTION

Regent Rasberry stated that due to possible threats of terrorist cyberattacks on the State of Louisiana and the nation’s information and community technology infrastructure, a Cyberspace Command Center has been proposed. He said locating the Center at Barksdale Air Force Base seemed particularly advantageous with the ready access to the Regents-sponsored LONI computer network and the National LambdaRail, therefore, he felt a resolution stressing
the above fact would seem appropriate.

On motion of Regent Stokes, seconded by Regent Brame, the Board voted unanimously to endorse the creation of the Barksdale Cyberspace Command Center.

CODE OF CONDUCT FOR STUDENT FINANCIAL AID ADMINISTRATORS IN LOUISIANA

Regent Strong noted that the leadership of Louisiana’s higher education community is responding quickly to the unfolding national inquiry into recent allegations of impropriety and conflict of interest in the administration of educational loan programs. He stated that the Regents’ staff had met with Financial Aid Advisors across the state and gathered recent actions from the National Association of Student Financial Aid Administrators, the Association of American Universities, the American Council on Education and the state of New York. Regent Strong noted that all of these entities have adopted some measure in the form of resolutions or statutes establishing a Code of Ethics for Student Financial Aid Administrators.

On motion of Regent Rasberry, seconded by Regent Roy, the Board voted unanimously to request the Louisiana Community and Technical College System, the Louisiana State University System, the Southern University System and the University of Louisiana System review the current practices of its institutions and adopt policies that address those practices. Further these policies should establish a standard of conduct that ensures that all financial aid decisions are conducted in a manner that demonstrates the highest ethical standards and that operations should be free of any bias, actual or perceived conflicts of interest and based solely on the best interests of the families and students they represent.
ADJOURNMENT

On motion of Regent Toups, seconded by Regent D’Aquín, there being no further business to come before the Board, the meeting was adjourned at 11:30 a.m.
