On motion of Regent Rasberry, seconded by Regent Klein, the Board voted
unanimously to approve the minutes of May 22, 2008.
RECOGNITION OF SUPPORT FOR THE BOARD OF REGENTS FIRST-GENERATION ENDOWED UNDERGRADUATE SCHOLARSHIP PROGRAM

Dr. E. Joseph Savoie, Commissioner of Higher Education, took the opportunity to acknowledge the growing support around the state for the new Board of Regents Support Fund First Generation Endowed Undergraduate Scholarship Program. Dr. Savoie explained that the program was designed to assist Louisiana students who would be the first generation in their family to earn a college degree. He continued by noting that, with the contributions of generous donors, endowments have been established across the state at different campuses.

Dr. Savoie stated that today he wanted to recognize the generosity of AT&T for funding four and one-half first Generation Endowed Undergraduate Scholarships – one each at McNeese State University, Northwestern State University, Southeastern Louisiana University, the University of New Orleans and a partial one at Southern University-New Orleans. He introduced Mr. Bill Oliver, former member of the Board of Regents, who represented AT&T. Dr. Savoie expressed appreciation for Mr. Oliver’s personal dedication and AT&T’s corporate support for public postsecondary education in Louisiana. Dr. Savoie presented a certificate of recognition to Mr. Oliver for his work on behalf of Louisiana’s colleges and universities.

Mr. Oliver commended the Regents for establishing the First-Generation Endowed Undergraduate Scholarship program. He presented a check to the presidents and chancellors of the four universities receiving endowments.

PRESENTATION ON THE UNIVERSITY OF NEW ORLEANS’ POST-KATRINA STRATEGIC PLAN BY DR. TIMOTHY P. RYAN, CHANCELLOR OF THE UNIVERSITY OF NEW ORLEANS

Chair Strong introduced Dr. Timothy Ryan, Chancellor of the University of New Orleans (UNO). Dr. Ryan spoke on the University of New Orleans’ Strategic Plan for 2007-2010. He
said the plan provides the road map for the rebuilding and refocusing of the “new” University of New Orleans. He reviewed the following plan for UNO: (1) an urban research university with SREB four-year 1 status; (2) a university with selected academic programs that are nationally competitive for students and research funding; (3) a university with an Honors College that recruits the most highly qualified students in the South; (4) a university of 15,000 students who enter with an average ACT score of 25 or higher; (5) a university with 25% of its student population from other states and countries; (6) a more international university with 8% of its student population from other countries; (7) a university that supports the recovery of the entire New Orleans community through faculty and student participation; (8) a university with state-of-the-art facilities and technology; and (9) a university that is enhanced by donor funding.

Dr. Ryan continued by noting that the following colleges with programs of distinction will be a focus in the Strategic Plan: (1) Business, (2) Education and Human Development, (3) Engineering, (4) Liberal Arts, (5) Science, and (6) Metropolitan College.

Regent Klein thanked Dr. Ryan for addressing the Board and noted UNO’s significance to the New Orleans area. Commissioner Savoie stated that he was most impressed with the work that UNO has done since Hurricane Katrina. A question and answer period followed.

Following Dr. Ryan’s appearance, Regent Brame introduced Dr. David Manuel, the newly appointed Chancellor for LSU-Alexandria, and welcomed him back to Louisiana.

SB 718 (Martiny) regarding the change on Ethics reporting from Tier 2 to 2.1. Other bills on ethics were discussed, including the bill by Senator Mount which limits a board member to a 12 year term on any board or commission. The law would affect individuals appointed after August 15, 2008.

HB 734 (Trahan) provides a four-year authorization for tuition increases with increases subject to approval by the Joint Legislative Committee on the Budget each year with the exception of 2008-2009.

Several resolutions were highlighted which charged the Board of Regents with reviewing, studying or investigating certain issues and preparing recommendations or solutions to the Legislature before the 2009 Legislative Session. One request was to study certain issues relative to increasing costs for required textbooks and instructional materials at Louisiana’s public colleges and universities. Ms. Koury noted that the discussion which followed included questions regarding formula funding and the GO Grant.

Ms. Koury complimented Commissioner Savoie, the System Presidents, campus leaders, and legislative contacts on the team effort during the past legislative session.

FY 2008-2009 CAPITAL OUTLAY STATUS REPORT

Mr. Griswold stated that a status report on House Bill No. 2 (the Capital Outlay Bill) had been presented. He indicated that efforts to include the renovation of the French House project at LSU in HB 2 were not successful.

Regent Roy inquired as to why the top construction project for the year, the renovation of LSU’s French House, received no state dollars this year. Mr. Griswold noted that Dr. John Lombardi, President of the LSU System, was in the audience and could possibly address that question. Dr. Lombardi said that even though the French House was a top LSU priority, the legislature decided not to fund any new projects in this year’s budget. Dr. Savoie stated that the Regents make recommendations to the Legislature, and even though the Legislature is not required to accept the recommendations, the Legislature almost always agrees with the Regent’s priority lists. President Lombardi said critical repairs can be made with LSU dollars, and major renovations will be requested from the Legislature next year. A discussion followed regarding the significant construction dollars for projects not recommended by the Board of Regents such as a new band hall and two additional floors for the Choppin Hall chemistry building annex, both at LSU.

ADOPTION OF THE SPONSORED PROGRAMS COMMITTEE REPORT OF JUNE 25, 2008

On motion of Regent Levy, seconded by Regent D’Aquin, the Board voted unanimously to adopt the Sponsored Programs Committee Report of June 25, 2008. (Copy on file in the office of the Board of Regents.)

Regent Strong announced that there would be a short recess before reconvening for a joint session between the Board of Regents and the Board of Supervisors of the University of Louisiana System.

RECOGNITION OF LEADERSHIP TRANSITION

Regent Strong remarked that Dr. Savoie would be leaving the Board of Regents to become the President of the University of Louisiana at Lafayette, while Dr. Sally Clausen, current President of the University of Louisiana System, would be the new Commissioner of Higher Education. Regent Strong continued by stating that we were saying good-bye to “Superman” and welcoming “Superwoman.”

Regent Strong introduced Ms. Elsie Burkhalter, Chair of the Board of Supervisors for the
University of Louisiana System (ULS), who thanked the Board of Regents for inviting the ULS Board to join the Regents for such an unique and exciting occasion. She continued by stating that both Boards are saying good-bye and welcome to two of the most outstanding higher education administrators in the country.

Regent Strong stated that the Regents had been blessed to have Dr. Savoie for twelve years as Commissioner of Higher Education. Dr. Savoie had served as Commissioner during three administrations – Governors Foster, Blanco, and Jindal. Regent Strong announced that a video would be shown recognizing Dr. Savoie by his family, friends, and professional colleagues. After the video, Dr. Savoie received several gifts of appreciation from the Board, staff, and Southern University System President Ralph Slaughter.

Dr. Savoie said this was an unexpected honor and appreciated all the extra effort that was expended to put this together. He continued by stating that it had been his honor and privilege to work with the Board and staff of the Regents. Chairperson Burkhalter noted that this change between the two showed that Louisiana is really moving forwarded and said “Thank you, Dr Savoie, we welcome you home.”

Chairwoman Burkhalter stated that she has known Dr. Clausen for many years and said she is a tremendous educator. Dr. Clausen had come to the ULS in 1995 as the President of Southeastern Louisiana University, and in 2001, she had accepted the job as the ULS President. Dr. Clausen had also been nationally recognized as an “Entrepreneurial President,” one of only 17 presidents out of 713 to receive this honor. A video was presented covering Dr. Clausen’s career, and gifts were presented by members of the Board of Supervisors and staff. Dr. Daniel Reneau, President, Louisiana Tech University, represented all Presidents of the University of
Louisiana System, and said an oak tree would be planted on each of the eight university campuses in her honor.

Dr. Clausen thanked both Boards for giving her the opportunity to serve the UL System and now to serve as the Commissioner of Higher Education for the Board of Regents.

Chair Strong welcomed Dr. Clausen to the Board of Regents, and Chairwoman Burkhalter welcomed Dr. Savoie to the University of Louisiana System.
