PLANNING, RESEARCH AND PERFORMANCE COMMITTEE MEETING REPORT OF AUGUST 26, 1998

On behalf of Regent Toups, Chairman of the Planning, Research and Performance Committee, Dr. Wayne Brown, Deputy Commissioner for Planning, Research and Performance, presented motions from the Planning, Research and Performance Committee Meeting Report of August 26, 1998.

ACT 129 OF 1991 (LICENSURE)

On motion of Regent Toups, seconded by Regent D’Aquin, the Board voted unanimously to adopt the recommendation of the Planning, Research and Performance Committee to approve an operating license for Southern Illinois University to offer a Bachelor of Science in Industrial Technology degree program at Barksdale Air Force Base.

On motion of Regent Toups, seconded by Regent Henry, the Board voted unanimously to adopt the recommendation of the Planning, Research and Performance Committee to approve the transfer of the operating license of Remington College to Education America Incorporated with the stipulations that 1) the programs and operations in Lafayette remain unchanged, and 2) the institution provide written confirmation of continued accreditation by the Accrediting Council for Independent Colleges and Schools (ACICS).

On motion of Regent Toups, seconded by Regent D’Aquin, the Board voted unanimously to adopt the recommendation of the Planning, Research and Performance Committee to exempt Christian Bible College of Greater St. Tammany under the religious institution exemption provided for by Act 129 of 1991.

Dr. Brown explained that the Planning, Research and Performance Committee had deferred until September action on the license request from Louisiana Baptist University.

Dr. Brown informed the Board that institutions operating under the 501(c)(3) IRS tax status are exempt from Regents’ licensure oversight. He further stated that legal loopholes in Act 129 of 1991 have allowed institutions to operate without regulatory oversight in Louisiana.
On motion of Regent Toups, seconded by Regent Sanders, the Board voted unanimously to adopt the following resolution:

Whereas, under Act 129 of 1991, the Board of Regents is authorized to register all postsecondary, academic degree-granting institutions operating in the State of Louisiana, and to license those institutions that are not otherwise exempt from licensure, and

Whereas, Act 129 exempts from Regents’ licensure oversight those institutions granted a 501(c)(3) non-profit tax exemption under the federal Internal Revenue Code, and

Whereas, the exemption from licensure allows institutions of questionable quality and integrity to operate in Louisiana free of Regents’ oversight, and

Whereas, the Board of Regents is entrusted under the Constitution of the State of Louisiana to ensure that a quality education is available to the citizens of the state, and

Whereas, the Attorney General’s Office has taken forceful action to protect the integrity of higher education offered in the State of Louisiana by seeking injunctive relief against unscrupulous institutions operating outside the authority of the Board of Regents, and

Whereas, the staff and the members of the Board of Regents have cooperated fully in supporting the actions of the Attorney General,

Therefore, be it resolved, that the Board of Regents wholeheartedly endorses and supports the recent and ongoing actions of the Attorney General’s Office against Columbia State University and Cambridge State University.

Be it further resolved, that the Board of Regents pledges its full support in working with the Attorney General and Governor’s Office in seeking amendments to Act 129 during the 1999 Legislative Session aimed at closing the legal loopholes that have allowed institutions such as Columbia State University to operate without regulatory oversight in the State of Louisiana.
On motion of Regent Toups, seconded by Regent Henry, the Board voted unanimously to adopt the recommendation of the Planning, Research and Performance Committee to authorize the Commissioner of Higher Education to enter into consultant contracts consistent with all applicable laws, rules and regulations of the State of Louisiana with 1) Brenda Albright, and 2) The National Center for Higher Education Management Systems (with NCHEMS president Dennis Jones as lead consultant). The consultants will work with and advise the Board of Regents and its staff on two projects; fiscal matters and certain statewide/regional studies. The fiscal matters will include developing funding rationale for the LSU Agricultural Center, the LSU Medical Center, and the campuses of the Louisiana Technical College, as well as the completion of revisions to the funding formula for the community colleges and the universities. The statewide/regional studies relate to the Regents’ constitutional duties to maintain a Master Plan for the postsecondary educational system, as well as to related requirements imposed by Act 151 of the 1998 First Extraordinary Session of the Louisiana Legislature. Act 151 requires the Board of Regents to identify postsecondary regions of the state and develop plans for the delivery of postsecondary services within each region, including revisions to institutional role, scope and mission statements, if necessary. The consultants will work with the Regents and its staff in responding to these Act 151 matters, concentrating initially in the Alexandria/Central Louisiana and the Houma/Thibodaux/Bayou Parishes regions of Louisiana.

BOARD OF REGENTS’ MANDATORY GUIDELINES FOR THE CONDUCT OF OFF-CAMPUS ACTIVITIES

On motion of Regent Toups, seconded by Regent Henry, the Board voted unanimously to adopt the recommendation of the Planning, Research and Performance Committee to designate for one additional year (1998-99) the Port Sulphur Learning Center of Nunez Community College as a new site under its Mandatory Guidelines for the Conduct of Off-Campus Activities, allowing the institution to offer courses with enrollments below fifteen.

BOARD OF REGENTS’ FIVE-YEAR STRATEGIC PLAN

On motion of Regent Toups, seconded by Regent Henry, the Board voted unanimously to adopt the recommendation of the Planning, Research and Performance Committee to authorize the Commissioner of Higher Education to make any necessary revisions to the Board of Regents’ Five-Year Strategic Plan and submit the plan to the Division of Administration by the September 15, 1998, deadline.

STAFF UPDATES
On motion of Regent Toups, seconded by Regent Henry, the Board voted unanimously to adopt the recommendation of the Planning, Research and Performance Committee to authorize the Commissioner of Higher Education to submit to the Council on Occupational Education on behalf of the Board a clear statement that between now and July 1, 1999, the Board of Regents will take no action that in any way could jeopardize Louisiana Technical College-Teche Area Campus’s accreditation with the Council on Occupational Education.

ADOPTION OF THE PLANNING, RESEARCH AND PERFORMANCE COMMITTEE MEETING REPORT OF AUGUST 26, 1998

On motion of Regent Toups, seconded by Regent D’Aquin, the Board voted unanimously to adopt the Planning, Research and Performance Committee Meeting Report of August 26, 1998, as presented. (Copy on file in the office of the Board of Regents.)

Commissioner Savoie informed the Board that members of the staff participated in a one-day retreat on July 1 to prioritize activities for the coming year. Commissioner Savoie said he had attended the State Higher Education Executive Officers (SHEEO) meeting in Florida in July. Five issues were identified as the emerging issues in higher education; Louisiana is involved in all five initiatives. He continued by stating that Louisiana is beginning to be considered as a progressive state among the higher education community.

Dr. Savoie reminded Board members that Regents’ Support Fund checks for Endowed Chairs and Professorships were still being presented and encouraged Regents to attend as many of the remaining presentations as possible. He further stated that the Review Committee for Endowed Chairs will be available to brief Board members on September 1 between 4:45 p.m.-5:30 p.m. at the University of New Orleans.
