**ACT No. 1202**

HOUSE BILL NO. 2012

BY REPRESENTATIVE DANIEL

**AN ACT**

To enact R.S. 17:3048.3 and 3048.4, relative to the Tuition Opportunity

Program for Students; to provide for the establishment and implementation of a uniform information reporting system; to provide for applicability; to provide relative to compliance with reporting system requirements by colleges and universities, including requiring compliance as a condition of eligibility to receive certain payments by the state; to require that the reporting system include certain components; to provide for certain notifications to parents and others about program availability; and to provide for related matters.

Be it enacted by the Legislature of Louisiana:

Section 1. R.S. 17:3048.3 and 3048.4 are hereby enacted to read as follows:

§3048.3. Program information reporting system; implementation; requirements; applicability; participation by eligible institutions and others

A.(1) The Board of Regents shall formulate, develop, establish, and implement a uniform Tuition Opportunity Program for Students information reporting system for the purposes of policy analysis and program evaluation and for providing accurate data and statistics to the legislature, the governor and appropriate executive branch agencies.

and the public relative to the program's impact on the state and on students.

(2) In formulating and developing the information reporting system, the Board of Regents shall consult with and seek written recommendations from the Louisiana Student Financial Assistance Commission, each college or university eligible for participation in the Tuition Opportunity Program for Students, each of the public postsecondary education management boards, the Louisiana Association of Independent Colleges and Universities, legislators, and knowledgeable others as determined appropriate by the Board of Regents.

(3) It is the intention of the legislature that the reporting system provided by this Section and the requirements thereof shall be applicable to all Tuition Opportunity Program for Students applicants, all award recipients regardless of eligible college or university attended, and all such eligible colleges and universities. Effective for the 2002-2003 award year and thereafter, compliance with the requirements of the Tuition Opportunity Program for Students information reporting system shall be a condition for an eligible college or university to remain eligible to receive payments from the state on behalf of an award recipient. Compliance determinations shall be made annually by the Board of Regents.

B. The Tuition Opportunity Program for Students information reporting system shall include but not be limited to the following:

(1) A report prepared as of the end of the Fall semester and again as of the end of the Spring semester or equivalent periods of time during each academic year relative to the rate of retention of program

awards by students as they progress from semester to semester or other equivalent periods of time as may be applicable once enrolled at an eligible college or university. The data shall be reported by institution attended, by the two digit classification of instructional program, and by program award category and shall include the percent of students losing program eligibility due to not earning the minimum number of credit hours, the percent of students losing program eligibility due to not having the required cumulative grade point average, and the percent of students losing program eligibility for failing to make steady academic progress.

(2) The persistence rates at colleges and universities of freshmen, sophomore, junior, and senior students receiving a program award reported by award category and by award year.

(3) The graduation rates or rates of completion of the chosen postsecondary education program if otherwise applicable for students receiving a program award, reported by award category and award year, including for those graduating with an academic degree at the baccalaureate level the rate for persons graduating within four years, within five years, and within six years, respectively.

(4) The mean length of time required for a student receiving a program award to graduate with an academic degree at the baccalaureate level or to complete the chosen postsecondary education program if otherwise applicable with such information being reported by award category and by award year.

(5) An annual report on the number of applicants as well as the percent of high school graduates by high school and by parish who

apply for a program award, by award category, and the percent of those students who subsequently enroll in a college or university.

(6) Statistical studies on the relationship between the courses taken and grades earned by a high school student and the student's score on the American College Test or the Scholastic Aptitude Test. Relative to public high schools, such statistical studies shall use student course and grade data that is otherwise available from the schools and such studies shall be conducted at no additional cost to the governing authority of any public high school.

C. When necessary due to limitations in existing secondary data sources and systems, the Board of Regents, consistent with the general provisions of this Section, may modify any specific requirement of this Section. However, prior to making any such modifications the board shall report in writing to the House Committee on Education and the Senate Committee on Education on the proposed action and the board shall have received approval from each committee relative to the proposed action.

§3048.4. Notice to students and parents

The State Board of Elementary and Secondary Education shall require that the governing authority of every public secondary school include as a component of a student's Five Year Educational Plan as required by R.S. 17:183.2 comprehensive information relative to the Tuition Opportunity Program for Students and program eligibility requirements for each of the awards. Additionally, the parent or other person responsible for the student's school attendance at the ninth grade level shall be required to return to the school at the start of the student's ninth grade year a signed notice that the program information and

eligibility requirements have been reviewed by the parent or other responsible person and by the student and that, for informational and data collection purposes only, expresses the intent of the parent or other responsible person as to whether or not the student will be pursuing the necessary program of studies to be eligible for a Tuition Opportunity Program for Students award.

Section 2. This Act shall become effective upon signature by the governor or, if not signed by the governor, upon expiration of the time for bills to become law without signature by the governor, as provided in Article III, Section 18 of the Constitution of Louisiana. If vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on the day following such approval.

### Analysis of *TOPS Tech* Program

The *TOPS Tech* award may be utilized at any Louisiana Technical College and other public postsecondary school or at any member school of the Louisiana Association of Independent Colleges and Universities (LAICU) that provides skill or occupational training, and certain cosmetology and proprietary schools. The criteria for eligibility for the *TOPS Tech* award includes completion of a defined high school core curriculum, with a minimum grade point average in core courses, and a minimum ACT composite score or minimum level score on the assessments of the ACT WorkKeys system.

The *TOPS Tech* award has historically been underutilized. From 2009 to 2016, only 16.5% of eligible *TOPS TECH* Tech students accepted the award (Figure 1). \*It is important to note that students who graduated in 2016-17 have until the fall semester of 2018 to accept their awards.

**1 GIFTED COURSES:** Any core curriculum course that is taken by a student who has been identified as gifted pursuant to State Board of Elementary and Secondary Education (BESE) policy and that is taken in fulfillment of the student's Individualized Education Plan shall be considered a "Gifted Course" and shall fulfill the core curriculum.

Beginning with students entering the 9<sup>th</sup> grade in 2014-2015 and graduating in the 2017-2018 school year and thereafter, the calculation of the TOPS Core Curriculum grade point average (GPA) will use a five- (5.00) point scale for grades earned in certain designated Advanced Placement (AP) courses; International Baccalaureate (IB) courses; Gifted courses; Dual Enrollment courses, Honors courses and Articulated courses offered for college credit by the Louisiana School for the Math, Science and the Arts used to complete the TOPS Core Curriculum. The courses currently designated to be calculated on the 5.00 point scale can be viewed at <https://www.osfa.la.gov/5scale>. For the designated courses, five quality points will be assigned to a letter grade of "A", four quality points will be assigned to a letter grade of "B", three quality points will be assigned to a letter grade of "C", two quality points will be assigned to a letter grade of "D", and zero quality points will be assigned to a letter grade of "F". Note that students earning credit in courses graded on the five (5.00) point scale may earn a grade point average on the TOPS Core Curriculum that exceeds 4.00.

*This core curriculum is accurate as of the date of publication and includes courses listed in TOPS statute.*

Notes:

(1) The Graduate count is the number of graduates reported to LOSFA for the school in the LDOE Student Transcript System (STS). This count would exclude students that were not reported by their high school as a graduate, did not have a data release authorization on file (either parental or from the student age 18 and above), had an invalid Social Security Number,

## **2017 High School Graduates (including Alternate Eligible) Eligible for a TOPS Award by School, School District and Parish**

or had a STS data error that prevented processing among other reasons.

(2) Alternate Eligible Includes Homestudy, Out of State and Out of County students who are eligible for a TOPS Award but did not graduate from a Louisiana High School.

(3) These numbers can change over time as schools update STS numbers or students submit paperwork that changes their eligibility status.

(4) The number of graduates may be less than the number of TOPS eligibles. See Note 1.
